Welcome to term three

I hope you all had a restful, pleasant and safe holiday break. We are over half way through the 2018 school year! When I reflect on the year there has been so many enjoyable times and I just cannot believe we are in the second half of the year. This term is going to be filled with lots of fantastic activities for the students to inquire into and I look forward to getting into the swing of things with them.

Growth Mindset

It is fantastic to see all the students developing a growth mindset towards their learning. We have begun our term setting individualised goals for ourselves to achieve by the end of the term. We are hoping to challenge ourselves to reach our goals and have begun to understand and think of the different problems we may approach during our goal achieving journey.
