Family BBQ

Please join us for our welcome Family BBQ, organised by the P&F, on **Thursday 7 February** at 5:30pm for a 6pm start at the school. Meat and sweets will be provided but please bring a salad to share. I look forward to seeing many of you there.

Year Seven Windcheater

A reminder to the Year Seven students that you will need to have your sports windcheaters clean and to school no later than **Wednesday 6 February**, so that they can be delivered to the printers.

Maths

We will begin our maths lessons with a "Week of Inspirational Maths". This involves five lessons of open, visual maths which is used to see what each student already knows. Each lesson begins with a mindset video that accompany the activities.

Unit of Inquiry

Our first unit will begin in Week 2 under the Transdisciplinary Theme: *Who we are* and with the Central Idea: *People develop a sense of well-being through their understanding of themselves and others*. Initial activities will include writing student questions and completing a Provocation task which asks the students questions such as: 'What are you passionate about?; What do you do for fun?; How do you relax?'

Literacy

Students have borrowed their first Lexile after completing their SRI test and will focus on their reading and written activities that are required. We will hopefully be starting our first novel study about the book 'The Keeper' by Rosanne Hawke.

Weekly Newsletters and Communication

Please ensure that you have connected to our class SEESAW as weekly newsletters and communication notes will be posted regularly. Please let me know if you would prefer a hard copy.
