Where is Your Treasure?

I was amazed and proud of every single member of our class in our presentation of chapel last Friday. Thank you for your support in assisting the children in the rehearsal of their lines.

I am confident that we presented a very clear message in a variety of ways.

As we begin to wind up the term, the children are encouraged to continue to focus on their learning goals and to begin to develop some ideas on where they want to take their learning in Term 3.

Mid-Year Reports will be sent home on the last day of Term 2 – Friday June 28.

Have a great week!

Mandy ☺

What are we learning about this week?

Literacy

Phonics – “wh” words

Grammar – future tense verbs

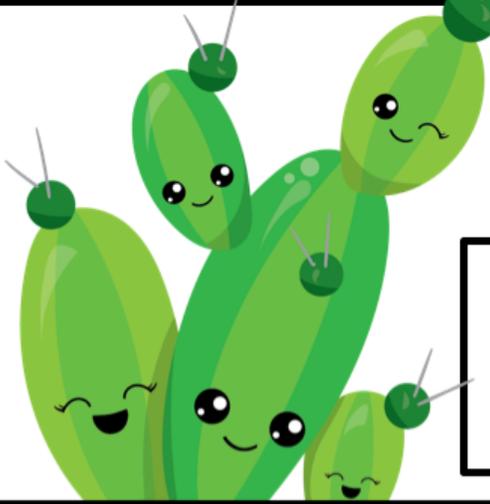

Writing – Continuing to investigate procedural texts recount writing about our weekend..

Mathematics: – Daily Maths rotations.

Number – Place Value – partitioning numbers

Unit of Inquiry:

Second line of inquiry – special places in our world. This week, we will begin to look at special places to us and how they make us feel. We will also look at the church as a special place. We hope to visit St John's Lutheran Church in Eudunda to help us to investigate this line of inquiry.

Class Awards

Congratulations to our award winners from last week Annabelle and Marik. Annabelle has been a committed and thoughtful learner who is considerate of others and a helpful member of the classroom.

Marik has been knowledgeable and committed to learning the MIOOW magic sight words. He is doing well and it shows in the progress in his reading. Well done!

Rubber Boot Reminder

Several children are choosing to play in the top scrub during play times.

However, the combination of mud and sneakers leaves a trail of mud on our classroom carpets.

If your child likes to play in the scrub area, please send some named rubber boots to school.

Holiday Plans

I have been made aware of families that are beginning their mid-year holidays early. In this instance, parents have made arrangements with me for some form of work/reading to be completed while on holidays. Please remember that any period of time greater 3 days, requires paper work to be filled out via the front office. This also enables me to effectively plan for the final 2 weeks of term.

Times Tables Challenge

It has been great to see the children working towards becoming a times table champion. Here is what you need to do:

- Choose a times table and learn them: can be 2x, 5x, 10x or 11x
- Choose one set at a time to learn, practise and master
- Negotiate a time to see Mr Peters
- Say them aloud and then be challenged by random problems.
- When you have mastered all of the 2x, 5x, 10x and 11x tables you will receive a Junior times tables certificate and have your photo in the school newsletter.

You can support your child at home by assisting them to learn the times table of their choice.
