

ST JOHN'S LUTHERAN PRIMARY SCHOOL

Strategic Plan

A CONNECTED COMMUNITY

Our Purpose

Our school community builds foundations for life by nurturing and inspiring each child to thrive, supported by Christian values.

Our Values

Integrity • Creativity
Christianity • Teamwork
Wonder • Enthusiasm

Our Vision

We will be widely known as a warm, caring community in which students thrive academically and socially.

Learning at St John's is inspired through innovative, contemporary approaches to teaching. We all challenge ourselves and support each other to learn and grow, to achieve our best. We make a positive contribution to our regional community and appreciate the generosity of others.

Our Mission

We continually search for new ideas and innovative ways to engage and inspire students to learn. We use data to measure achievement and growth and work as a team by sharing information, knowledge and ideas to provide the best outcomes for each student.

We partner with parents to support learning at home by sharing information and resources and welcoming participation in class. We strive to engage in activities that develop real-world skills in practical settings, building relationships and making a positive contribution in the regional community. We continually adapt the learning environment to generate interest and enable contemporary, flexible approaches to learning.

OUR STRATEGIC PRIORITIES

Learning

- Provide a learning culture based on research, collaboration and best practice.
- Demonstrate continued growth across all subjects, especially literacy and numeracy.
- Provide a highly effective learning support framework for all students.

Community

- Maintain a warm, welcoming community built on strong relationships between staff, students and families.
- Develop high levels of engagement between the school and the community.
- Continue our strong reputation for success in learning.

Infrastructure

- Develop a learning environment that inspires and enables flexible, contemporary approaches to teaching and learning.
